Letter from W. R. Sargent offering the land and buildings at the depot to the Town for the assessed value, the offer was accepted, voted to purchase. (Letter follows).

Newton, N. H., March 3, 1926.

Honorable Board of Selectmen:

Dear Sirs:—

Having purchased the Walter L. Stickney property at Newton Depot, it has been suggested to me that the Town should own this land for the storage of tools, culvert, road machine, tractor, etc., and perhaps for a fire engine house.

Knowing that the Town owned no land at present suitable for this purpose, not even land where the tramp house sets, I hereby offer to sell this property to the Town for what it is taxed for, and give them free the land back of this property as far as the railroad (perhaps $\frac{1}{2}$ acre) reserving the standing wood and lumber on both pieces and also the right to cancel this offer at any time.

Yours respectfully,

W. R. SARGENT.

P. S. I failed to mention that there is a mill constructed building, brick lock up, with outside bath and a brick chimney on this land. Assessed \$300.00.

At this time the special order at three o'clock was called for. A Representative of the Mead, Morrison Co., was called for, and said that as his firm carried no insurance on tractor which was burned at the Hayford fire, March 6, his people thought the Town should assume the loss, at least of the \$1,500.00 paid by the town, although the Town was exonerated as there was nothing in the contract that called for the Town carrying insurance on tractor.

After much discussion, John E. Hayford offered this resolution and moved its adoption: "That the Town accept the first proposition of the Mead, Morrison Co., that "\$1,500.00 be paid for the use of tractor, and plow, said amount to be deducted from the price; that in consideration of the \$1,500.00 already paid and that the balance as agreed upon, that a new tractor be furnished by them, by paying said price of tractor and plow less the amount already paid;" which resolution was adopted: Yes 27; No 2.

The following resolution was offered by Hon. Hayden E. Cheney, and amended by Rev. E. L. Noble was also adopted, (although it does not materially differ from the one offered by Mr. Hayford) "That the Town purchase of the Mead, Morrison Co., one No. 55 new tractor together with plow, now in our possession, the same to be under the terms of the original contract as submitted August 31, 1925 is \$5,700 less \$1,500.00 paid for rental of plow and for tractor which was destroyed by fire March 6. This vote to hold providing the Mead, Morrison Co., accept the foregoing terms, otherwise the committee appointed, be instructed to purchase a plow and tractor to the best of their ability, to be delivered before Dec. 1, 1926. The Selectmen be given authority to raise and appropriate money for the same."

On motion of Earl B. Nichols, voted that the money be raised on notes of \$1,000.00 each, payable each year.

On motion of Clarence Green, voted that the item in the budget relating to Memorial Day be amended by increasing said sum to \$175.00 instead of \$60.00, also that the same committee as last year serve as Memorial Day committee.

The following report of the fire committee was made and accepted and the committee discharged.

We having been appointed at the last March Town Meeting for the purpose of purchasing fire equipment for the Town, we were very fortunate in being able to obtain the whole amount of \$4,000.00, voted for the same, from the accumulated interest of the Harris Trust Funds we having purchased one Triple Combination, from the Peter Prisch & Sons Co., we have tried it out, accepted and placed it in service. The committee having carried out your wishes to the best of our ability, now wishes to be discharged.

Yours,

WILLIAM K. DAVIS,
EARLE B. NICHOLS,
LEON G. INGALLS,
HAYDEN E. CHENEY,
A. RALPH ESTABROOK,

Committee on Fire Equipment.

A vote of appreciation, and \$50.00 from the budget of Town Officers salaries, be extended to A. Ralph Estabrook for his efficient service at various fires.

Recorded truly,

IRVING M. HEATH,

Town Clerk.

Report of Health Officer

There have been reported during the year the following cases of contagious diseases:

Whooping Cough.....	7
Chicken Pox.....	5
Measles.....	6
Scarletina.....	1

There were also several cases of the first three diseases which were not reported, no physician being called and the families being apparently in ignorance of the law requiring them to make report.

I was also required to investigate the nuisance caused by dumping of garbage, at Silver Lake, by transient summer visitors. Notices have been posted, and hope that with the co-operation of the cottagers and police officers at the grove, no trouble will be experienced the coming season.

Report of School Board

To the Citizens of Newton, N. H.:—

The School Board submits the following report for 1925-1926:

It is with pleasure that we state that our schools are in every department up to the standard as required by our State laws.

Much time has been devoted to the Budget covering expenditures for the coming year 1927-1928. With a view to economy and we have succeeded in keeping the Budget to the lowest possible figure. Conditions over which we have no control have made it that we have had to exceed the estimates in some instances, but in preparing the Budget we try to exercise our best judgment to apply only amounts which will economically cover the year. The Budget we are submitting compares about the same as last year.

It was our misfortune during the year to lose the services of Superintendent Blount, who accepted a better position in Massachusetts. We are grateful to him for the time and effort that he put in to keep our schools in excellent condition and he has our thanks and best wishes.

The union has elected William J. Nelson as our Superintendent, who comes to us highly recommended and gives great promise in the work of conducting our schools. He will possibly take up his duties in March.

The State Board furnished as acting superintendent, Mr. Howard L. Winslow, who has had a wide experience in school work in our state. He has very successfully carried on the work as outlined and has given valuable assistance to the Board for which we extend our thanks.

We wish to call your attention to the report of our School Nurse which shows in a mild way the excellent work that Miss Thomas is doing in our community. This work is worthy of your support and we ask your co-operation for still better results.

Rowe's Corner School is badly in need of shingling on one side and painting. Would recommend that this be done.

We take this opportunity to express our thanks to our Teachers, School Nurse, Parents and Citizens, who by their support and co-operation have made our efforts and schools a success.

Respectfully submitted,

LUTHER P. LEITH,
ELVIRA R. DART,
LOTTIE M. GERMUNDSON,

Report of Superintendent of Schools

To the School Board and Citizens of Newton:—

It would be presumption on my part to make a report of the work accomplished by Supt. Blount. It has been my object to carry on his work as outlined and to keep smooth the way for incoming Superintendent William J. Nelson, who, when you read these lines, will probably be at work.

Superintendent Blount stated clearly in his last report what the schools were trying to do and I found the teachers checking themselves and that work by the use of carefully prepared tests introduced by him.

You have good schools, worthy of your support, and a School Board which is conscientiously trying to make them better.
